STANFORD, KY., TUESDAY, APRIL 12, 1910.

NO. 13

## GREATEST HORSE SHOW IN YEARS.

Thousands Gather In Stanford Monday to See Blue-Blooded Equines On Parade.

Fully 3,000 people were in Stanford Monday to see the Annual Horse Show, when blooded equines, which have made Lincoln county famous throughout the state and nation, marched in parade before the admiring gaze of the visitors. Monday was court day, and in addition to the thousands who came to see this display of horse flesh, hundreds crowded about the cattle pens, for Stanford has become the cattle market for this end of the state.

During the morning hours, the splendid specimens of Kentucky's best sires were admired as they stood in their stalls in the livery stables, and in the afternoon they were paraded up and down Main street, everything coming to a standstill that the thousands could give undivided attention to this striking spectacle so typical of Kentucky.

All of the old favorite sires were on hand—Dignity Dare, the beautiful mahogany bay of D. S. Carpenter, of Hustonville; King Eagle, shown by Sam T. Harris and R. T. Woods, who also had Ashland Brook and a couple of his fine sons; C. G. Caldwell & Son, of Waynesburg, had their splendidly proportioned King Eagle, Jr.; Dick Scudder, of McKinney, held the center of many admiring eyes with his splendid All Pevine and many liked his trotter Dalmis. Of course everyone liked W. O. Walker's Carroll Preston; he commands attention in any company. Clarence E. Tate's Cecilian Leaf was admired by a great many; Grimes Beazley had Lincoln Squirrel and Red Light, which were very favorably commented on; E. S. Powell & Son, of Hustonville, had the two beauties, Almont Dare and his finely proportioned son, Sport, which is splendid evidence of the older horse's breeding ability. Carroll Duddar attracted much attention with Sallie Brook and Star Brook. George F. Anderson, of Boyle, brought over Montgomery Squirrel, a good looking. L. K. Rogers, also of Boyle, exhibited Col. R. G. Evans' fine horse, Grant Monical. Walter Walker's great Percheron Sidi, was the center of admiring eyes, and Smith Baughman's George Hur attracted much attention in this class, as did his Shetlands, one being driven by Smith, Jr. He showed five splendid colts by George Hur. George Spoonmore & Bro., of Rowland, were advertising Pence, Jr., a good one; Hugh Reid Foster's little Shetland, Dock Grey, was a great favorite. Carroll Bailey was here from Crab Orchard telling about the mighty Preston, but the great horse was not brought down. W. M. Dodd, of Hustonville, found many friends for his good horse, Galton. Sam Owens, of McKinney, was on hand, and many asked about his splendid sire, The Warfield. Mr. Owens has been ill, however, and did not bring over either The Warfield or his crack young sire, Powhattan. E. P. & J. H. Woods were kept busy all day telling about Don Varrick, who was on hand in fine shape; and J. M. Pettus' Beau Naboth was very popular. Traylor's Stonewall Jackson pleased all. There were many good looking jacks, mares and jennets, and the horse show was voted by all the greatest in years.

## Cupid Still Busy.

Two More Couples Secure From Clerk Cooper License to Wed.

Little Dan Cupid, the winged god of love, continues busy in Lincoln county. County Clerk Cooper last week issued license for the marriage of George Burke and Miss Florence Bengel, both of the Crab Orchard section of the county. As the groom is but 19 and the bride only 16, permission of both their parents was obtained before the license was issued.

License was also granted to J. D. Smith, a prosperous farmer of Waynesburg, and Mrs. Sara Elizabeth Sowder to wed, and they were made one by Rev. J. M. Cook on Thursday. This was the second marriage for each.

Both couples are popular in their communities and have the best wishes of many friends.

## Hurt In Ball Game.

Harry Brown, the 10-year-old son of R. S. Brown, a merchant of Lancaster, was seriously hurt while playing baseball with a number of playmates on the graded school campus, he and a companion colliding, the Brown boy being thrown violently to the ground and striking his head on a rock. He was taken to his home in an unconscious condition.

## TELEPHONE FIGHT ON IN STANFORD

Council Orders Rates Lowered—May Drive Telephone Service Out of The City.

If the city council carries out an order directed against the East Tennessee Telephone Company at its regular meeting last Thursday night, in all probability Stanford will very soon be without a telephone service. The city fathers, by a majority vote, ordered the 'phone company to reduce all 'phone rentals to a basis of \$2 for business houses and \$1 for residences. All of the old subscribers to the telephone service in the city are paying that rate now, but new subscribers who are put on, are compelled to pay a rate of \$2.75 for business houses and \$1.65 for residences. This latter is the uniform rate which is charged for all cities in the state the size of Stanford. The telephone company claims that any lower rate forces it to operate its exchange at a loss.

Whether the telephone company will accede to the demand for a reduction cannot be learned until its chief officials have taken up the matter. General Manager Homer Wray said that he could not say what they would do. He referred the councilmanic action to his superiors and is awaiting their orders. The council is understood to be proceeding on the ground that the East Tennessee Company has no franchise to operate in Stanford. It is understood, however, that it has been paying a franchise tax to the city for the past 13 years, and will claim that this gives it a right to do business here whether it has a hard and fast franchise or not. Whatever way the company replies to the council, it is expected that legal proceedings will be instituted to ascertain just what are the rights of the city council and of the telephone company in the premises.

One of the councilmen, who did not think it wise to take the action that was done by his colleagues, remarked that a few years ago Harrodsburg notified the 'phone company to get out, and it got. Very soon afterward the city invited it to come back, and on its own terms. He pointed out that the East Tennessee is the only telephone company which can give one seeking long distance connections, the service that a business man requires, and believed that it would not be to the interests of the citizens to drive this important public service corporation away and then probably be compelled to take it back on any rate that it might wish to fix.

## Hurt In a Runaway.

Two Popular Young Ladies Thrown Out of Buggy Sunday.

Miss Elizabeth Higgins and Miss Sallie Burdett were thrown out of a buggy and the former rendered unconscious and badly shaken up and bruised, when a horse they were driving belonging to Miss Burdett took fright at a train near Rowland Sunday afternoon, and ran away. The young ladies very narrowly escaped from serious injury, for the buggy in which they were riding toppled over on them. Miss Higgins was rendered unconscious when she struck the ground. Luckily Miss Burdett escaped almost unscathed, for with the exception of a cut on the top of her head and a shaking-up, she is uninjured. Miss Higgins' arms and head were skinned up and she is suffering with severe pain in the body about hips. Her many friends hope that this will not prove serious, however.

The horse ran the full length of Main street and tore away from the buggy, part of the harness breaking, which may have been the reason of no more serious injury to the two young ladies, as Miss Higgins was under the buggy and being dragged before the horse got loose. The animal was finally stopped in front of Penny's drug store. He is a hard-mouthed brute. Both girls tugged at the lines with might and main when he began to run, but could do nothing with him.

## Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "I cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed, and I gained 47 pounds in weight. Its sure cure of the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all throat and lung troubles. 50c and \$1; trial bottle free at Penny's Drug Store.

## STANFORD PEOPLE WANT NEW DEPOT.

Petition Will be Presented to Railroad Officials Asking For Better Accommodations.

Stanford wants a new depot, and a petition signed by every official, business and professional man and by all citizens it is possible to see, will be presented to the chief officers of the Louisville & Nashville railroad, asking that a new station be built. Every one who has occasion to use the railroad here knows of the total inadequacy of the present depot for the needs of the traveling public. The city has outgrown it; and the progress which Stanford and the surrounding community has made within recent years will be the arguments used to influence the railroad people to build a new depot at once. As soon as the petition is signed, a delegation of prominent citizens will go to Louisville with it to take up the matter personally as well with the railroad officials. The petition, which will be left at the Lincoln National Bank for signatures, is as follows:

### THE PETITION.

General Manager and Board of Directors of L. & N. Railroad Co., Louisville, Ky.

We, the undersigned citizens and residents of Stanford, Lincoln county, Ky., most respectfully request the careful consideration of the following reasons which we assign for our request that the L. & N. R. Co. construct a new depot at Stanford, Ky.:

We have noted with satisfaction and interest the well-directed and painstaking effort of the management of the L. & N. R. Co. to give the people in the territory tributary to its line the most efficient service its financial condition would warrant. This is indicated by the splendid condition of its roadbed, the permanent and durable character of its bridges and the increase in the size and quantity of its rolling stock.

We are much gratified by the last published statement of the L. & N., which shows the present financial prosperity, for we believe that the interest of the citizens of the commonwealth and those of the L. & N. R. Co. are not antagonistic, but that their mutual welfare and prosperity are entwined and interwoven, and that their interests are inseparable and indissoluble. The prosperity of each should and does assist and benefit the other, and that the relation between the railroad and the citizens whom they serve should be characterized by mutual tolerance, respect and regard. Therefore we do not desire that this petition should be construed as an adverse criticism of past conditions, but as reasons why future conditions should be changed. We invite the attention of the management to the following facts and are confident a careful consideration of them will convince you of the justice and propriety of our request.

The depot at Stanford is old, inadequate, inconvenient, unsanitary and unsafe. The freight room and baggage room are frequently congested, there is not now nor has there ever been a separate waiting room for the white and colored passengers.

The present connections of the passenger trains on the Knoxville branch with the passenger trains running to Mayaville, frequently make it necessary for passengers to remain at Stanford many hours. The present accommodations are insufficient and their stay is therefore extremely uncomfortable. We feel that these conditions in a great measure reflect upon our town.

Lincoln county has recently built a \$50,000 court-house and Stanford has in the last few years erected a \$15,000 graded school building and the city has constructed and now has under construction six or seven miles of concrete sidewalks. These facts indicate public spirit, enterprise, thrift and prosperity.

We refer you to the records of your office here and feel confident that these records will disclose that the volume of business transacted here has quadrupled in the last 15 years. The soil of Lincoln county is fertile and productive and its farmers and stock raisers are enterprising and industrious. We have borne with patience the inconveniences resulting from the inadequacy of the present railway station, for we desired to abide our time and await the return of those prosperous conditions which would warrant the railroad company in constructing a modern, convenient and sanitary depot, one in keeping with the other public or quasi-public buildings of the town. The population of Stanford has more than doubled since the erection of the present depot. New houses are under construction and it is becoming a more desirable place of abode.

We call special attention to the fact that the valuable tract of land on which the present depot is situated and the lands adjacent thereto, which are owned by the railroad company, were donated by the citizens of Stanford to the railroad company.

## HIGH SCHOOL BOYS WIN GREAT GAME

Batting Rally In Extra Inning Gives Them Victory Over Fast Playing "Dummies."

With a splendid batting rally in the 10th inning, the Stanford High School ball team defeated the nine from the Deaf & Dumb Institute of Danville here Friday afternoon by a score of 2 to 1. This was the first game of the season and the fans were jubilant over the victory, for few thought that the local lads would be able to down the fast playing "Dummies" this early in the season. The game was a heart breaker from start to finish, from the time Stanford put Embry around the bats in the fifth, only to have the visitors tie it up in the next round, until Morrison Bright smashed out a corking three bagger in the 10th and brought in the winning run when Embry singled cleanly over second.

In addition to batting at a 500 clip, Wesley Embry starred in the box. He held the opposing batmen to two hits, one of them of the scratchiest sort, and had his head with him at all stages of the game. He gave two passes to first but neither figured in the run making, though the first was cut off at home by very fast work. Every man on the Stanford team played fine ball, and was in the game at all stages. They showed the splendid work which Coach Arthur Long is doing for them in their team work and the inside game which they played. They had the bunting business fine and a double steal would have gone through in the third inning but that Waters slightly overran third.

For the visitors Meunier was the best at bat and fielded his position at short very well. He is an old League player, having played with Frankfort three seasons ago. The visitors had a fast bunch and will give the High School boys a hard fight for revenge when the locals go to Danville for a return game next Friday afternoon.

Stanford went out in one, two, three order in the first two innings. In the third Waters waited and got a pass, and was sent to second on Tom Bright's single by third. Hill fanned and Waters was caught trying to make third on the third strike. Penny hit a hot one to center, and it looked like Tom Bright would score sure, but Hereford made a fine throw and killed him at the plate. There was nothing doing for Stanford in the fourth, Morrison Bright fanned, first up in the fifth, Wesley Embry singled through short and was going so fast he kept on to second. Hereford in center threw wild to catch him, the ball bounding on by Napier at third, Embry bringing in the first score of the game amid much enthusiasm. Waters and Tom Bright flew out to short and the round was over. Hill missed three in the sixth, but Penny was safe at first when Meunier fumbled his hot grounder in short. Mike got away fine and pilfered the second bag prettily, beating the throw a block. He died there though when McCarty fouled out to Fleming and Coleman hit to Jasper.

It looked like something more was doing in the seventh when Singleton opened up in the seventh with a corking bingle to left. He went out at second on fielder's choice when Morrison Bright hit to short. Embry fouled out and Waters flew to Porter. Tom Bright made the right start in the eighth with a nice Texas leaguer over short, and Hill sacrificed him to second. Penny hit a scorcher to Porter, who made a pretty double play unassisted, retiring the side. It was out in straight order in the ninth. After the visitors had failed to do anything in their half of the 10th Morrison Bright broke it up when he laid his triple against the center field fence and came home with the winning run on Embry's drive over second.

The visitors went out in straight order in the first, but gave the fans a scare in the second, when Meunier got a pass to first. Vogaletti fanned and Jasper hit to McCarty and was out. Embry hit Elkins, and on the next ball pitched, which went wild, and got by Penny, Meunier tried to go in home, Embry covered the bag well, however, and Meunier was out. In the third Coleman flew to Embry, Hereford fanned and Porter flew to Coleman. Fleming was out, Embry to McCarty, and Meunier batting out of his position, got four balls but was called out for batting out of turn. It took some time to make the visitors understand just how it was, but they acquiesced in good grace. The sole run was made in the sixth, when with two outs, Meunier hit to right field, stole second and got by third and home when Penny threw a triple low to catch him. With two outs, Jasper doubled to center in the ninth and was safe at third when Coleman dropped a throw. Coley redeemed himself, however, when he got under Elkins' hard pop up

on the next play. With two outs in the 10th, Porter was safe on a wide throw by Singleton to first and went on to second. He was caught off the bag by some fast work between Penny, Coleman and Morrison Bright. George Florence umpired and gave complete satisfaction. The score:

## New Road Contracts

Will Be Let As Many Bids Were Too High, Thought Court.

Numerous contracts for reconstruction work on the county roads were let at the fiscal court meeting last week, but the bids on several pieces of road work were not considered low enough and Road Supervisor Duddar was directed to advertise for new bids and award new contracts. The court appropriated \$500 to the Hustonville and Coffey's Mill road and also appointed Squire Helm and Supervisor Duddar a committee to buy a bridge from G. C. Lyon.

The court endeavored to get some definite information from Contractor Krueger as to just when he expects to have the new court house finished, but could get no definite date. The contractor is now paying a penalty for every day that the work is uncompleted, and the end is not yet in sight. Judge Bailey and County Attorney Burch were appointed a committee to have the court house yard graded and the old fountain disposed of. A contract for the wiring of the new building was let to F. A. Clegg & Co. for \$110. Squires Helm, Singleton, Noaks and McKechnie were present at the meeting of the court.

## Must Get Out.

Bigger Brothers Held Guilty of Forcible Detainer on Carter Farm.

Harve Biggers, a Shelby county man and his brother, formerly of Fayette, were adjudged guilty of forcible detainer by a jury in County Judge Bailey's court Saturday, and will be required to give up possession of a farm near Hall's Gap which they had rented from James Carter and Miss Sallie Carter upon which to raise tobacco. It was shown to the jury that the Biggers were unable to live up to a contract which they had made with Mr. and Miss Carter.

Attorneys K. S. Alcorn and J. B. Paxton represented the plaintiffs, while the Biggers were defended by Attorneys Bagby and Huguely, of Danville. The jury which tried the case was composed of J. N. Menefee, Sr., J. W. Ireland, M. A. Johnson, Will Brady and R. M. Arnold. Nearly the whole day was consumed in the trial.

## Reaching The Top.

In any calling of life demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at Penny's Drug Store.

A. C. SINE will formally organize a lodge of Odd Fellows at Waynesburg Saturday, April 23.

## SPRING CLEANING FOR WHOLE CITY

Improvement Club Asks Council To Designate Two Days For General Cleaning Up.

A general Spring cleaning of the city is the first work to which the Women's Improvement Club, just organized, will turn its hand. It has requested the city council to set apart April 22 and 23 as Cleaning Up days, in the following petition, which received the hearty approval of the city officials:

The Improvement Club of Stanford, very respectfully petition the city council to set apart April 22 and 23 as cleaning up time. Every citizen is requested to have his yard, vacant lots barn yards, alley and premises in general, cleared of all rubbish, litter, papers, tin cans and anything else offensive to the olfactory and optical nerves and that lime, crude carbolic or any other good disinfectant be used freely. All public grounds and buildings to be attended to by the council, or those in charge of same. That this shall apply to renters as well as to property owners. That the citizens shall be notified by posters two weeks in advance and by a notice in two issues in the INTERIOR JOURNAL.

Mrs. J. J. Dickey, president; Mrs. Lelia Cook, vice president; Mrs. P. M. McRoberts, secretary; Mrs. W. H. Wearlen, treasurer; Mrs. W. A. Tribble, chairman of Civic Committee.

I endorse the action of the Improvement Club and promise my hearty cooperation.

A. R. FLORENCE, Mayor.

## At Ripe Old Age

Respected Citizen of Rockcastle Passes Over the River.

One of the oldest and best known men in Rockcastle county passed away last week when D. N. Williams, of Mt. Vernon, breathed his last. He had been in bad health for some time but no one thought his condition serious. Mr. Williams was 74 years of age. The immense crowd from all parts of the county that attended his funeral proved that no more beloved and popular man ever lived in that section. Mr. Williams was county clerk of Rockcastle for 20 years and could have served longer had he not wished to retire from political life. Besides his wife he leaves four sons, M. C. Williams, of Somerset; R. G. Williams, of Covington; C. C. Williams, of Mt. Vernon; and John Williams, of Los Angeles, Cal., and one daughter, Mrs. Cleo Brown, of Mt. Vernon.

## Respected Negro Dead.

Old "Aunt Maria" Baughman, who had been a faithful servant in the family of Judge and Mrs. J. W. Alcorn for almost a score of years past, died last week, after a short illness. She was one of the old-fashioned ante-bellum kind of darkies, and highly respected by all who knew her.

Strengthen your stomach and banish indigestion; Mi-o-na is guaranteed by G. L. Penny to do it or money back—50c.

## Option Law Pays In Danville.

A recapitulation of the trials and convictions in the police court for the month of March shows that an aggregate of \$14,224.85 in fines was imposed and work-house sentences totaling 2,665 days. A majority of these fines were imposed upon violators of the local option laws. That Danville has officers inferior to no place in the country could not be better testified to than by a glance at the records.—Advocate.

## It's The World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. Its one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum, For Sore Eyes, Cold Sores and Chapped hands, or Sprains, it is supreme. Infallible for Piles. Only 25c at Penny's Drug Store.

## Bob Whitley Dead.

Bob Whitley, one of the best known colored men of Stanford, died suddenly last week, after doing a hard day's work on the court house. He was well and around early in the evening, but was found dead in bed at 1 o'clock in the morning. A coroner's jury sat on the case and pronounced it heart disease. Whitley was one of the few Catholic negroes in this part of the State and was liked by all who knew him.
